SOUTHERN NEVADA MERCANTILE CO.

ABOUT OPENING OF RESERVATIONS

During the past week the Bonanza received many inquiries regarding the regulations governing the opening of the Coeur d'Alene, Idaho; Spokane, Washington, and Flathead Indian reservations, which will occur during the coming month of August. For the benefit of those who contemplate going to these reservations the following information is given:

The aggregate acreage to be thrown open for settlement is 1,663,600 and the methods used at Bonanza, South Dakota, will be adopted at the drawing. An enormous tent will be erected, and the tons of certificates, each sealed in an envelope, will be dumped in the center on an arena. Then little boys and girls will dig into the mass and draw the certificates.

The size of the tracts to be distributed vary from forty to 160 acres, according to their location. The drawing, which will consume three or four days, and possibly a week, will be in charge of James W. Witten, of the general land office at Washington, who has been designated as superintendent of the drawing. Registrations for drawings will begin on July 15, and end on August 5.

Any person qualified to make either on original, a second or an additional homestead entry may register for the lands in any or all of the reservations.

All who desire to register must go in person, to the following registration points to swear to their applica-

tion for registration: To either Kalispell or Missoula, Montana, to register for Flathead lands; to Coeur d'Alene, Idaho, to register for Coeur d'Alene lands, and to Spokane, to register for Spokane lands.

"Soldiers or sailors who were honorably discharged after ninety days' service during the war of the rebellion, the Spanish-American war or the Philippine insurrection, or their widows or minor orphan children need not go to either of the registration points for the purpose of registering, but may register through agents appointed by them for that purpose."

All applications for registration must reach Superintendent Witten through the ordinary mail at Coeur d'Alene, Idaho, before August 9, and all of the envelopes received prior to that date which contain applications for registration will then be thoroughly mixed and envelopes will be selected there from indiscriminately, one at a time, and the applications therein numbered as selected. The numbers thus selected will control the order in which entries may be made. For instance, the persons whose application is numbered one will be given the first choice of all the lands subject to entry in the reservation for which the application was presented, and the person to whom number two is assigned will be given the second choice, and so on.

No entries will be made before April, 1910, and all persons given the privilege of making entry will be notified of the exact date when they must appear and enter, and if they fail to appear and enter on that date they will lose all rights under the number assigned them. The rights acquired under numbers assigned can not be sold or transferred

holding a number dies before the day he is required to make entry his widow or any one of his heirs may make entry in their own right on that day.

No charge will be made for the registration, but at the time of making entry persons who apply for Flathead lands will be required to pay one-third of the appraised value and persons who apply for either Coeur d'Alene or Spokane lands will be required to pay one-fifth of the appraised value. The remainder of the purchase money on all these lands may be paid in five equal annual installments and failure to make any payment when it becomes due will result in the cancellation of the entry and the forfeiture of all former payments.

Residence must be begun within six months after the date on which entry is made and continued, with cultivation, until a patent has been earned, either by five years' residence and cultivation and the payments of the installments annually, or by fourteen months actual and continuous residence and cultivation and the payment of all the unpaid purchase money on all of the lands except the timber lands in the Coeur d'Alene reservation, which can only be obtained by five years' actual and

continuous residence and cultivation and the payment of the annual installments, as commutation is not allowed for them.

Temperature Report

Yesterday's hourly temperature record at the weather bureau office was as follows:

5 a. m.	65
6 a. m.	64
7 a. m.	73
8 a. m.	74
9 a. m.	77
10 a. m.	80
11 a. m.	83
12 noon	85
1 p. m.	87
2 p. m.	88
3 p. m.	89
4 p. m.	90
5 p. m.	88

The highest temperature a year ago was 84, the lowest 65.

KILLED WHEN TIRE EXPLODES.

ELIZABETH (N. J.), June 30.—Edward Cooley of this city, was killed near here today, when a tire of his automobile burst and the machine crashed into a telephone pole. Stanley Reed, also of this city, suffered a fracture of the skull; John

Lainer of New York received compound fractures of both arms, and Mrs. Tucker, of Newark, suffered bruises and shock.

STOCK MARKET

Lacking a good and sufficient reason, the Tonopahs yesterday showed more weakness than for many months past. Just to think of it, Tonopah Mining showed a decrease of 45 points over the day previous. Coming as it does, on top of a dividend, the slump is inexplicable by anyone who has kept posted with the progress of that great property. It looks like the bears are operating and that they are successful in their operations. Outside of the drop in the Tonopah Mining there is nothing of moment so far as the local market is concerned.

The slump did not affect Tonopah alone. Goldfield came in for its share of the dropping. Goldfield Consolidated shows a slump of 10 points, while the Florence, unlike its neighbors advanced 2 1/2 points. There is something doing in the securities of this neck of the woods. The following quotations are from the reliable brokerage firm of H. E. Epstein:
